IN DER ZEIT SCHWEBEN–

Doch die Zeit ist ein Kreislauf: eine Geschichte der ewigen Wiederkehr?
Oder sie ist geradlinig: ein aus dem tiefsten Dunkel der Vergangenheit
in die glühenden Abgründe der Zukunft abgeschossener Pfeil?
Ist es wirklich wichtig, das festzulegen?

Die Antwort ist nein. Oder besser noch, **NEIN**, in Großbuchstaben.
Die zeitgemäße Ästhetik, aus Pixeln und in kontinuierlichem Streaming,
besteht aus gleichzeitiger Anwesenheit, Einfügungen, außerordentlichen
Verbindungen. Tradition und Innovation, Schmuck und Geradlinigkeit,
Vereinfachung und Verzierung, einst für unvereinbare Kategorien gehalten,
sind heute Leitlinien, die sich kreuzen, und neue, aufregende Szenarien
schaffen, in denen sich Gegenwart und Vergangenheit überlagern.
Klassisch ist nicht mehr das Gegenteil von modern. Einfach deshalb, weil
das Moderne, wenn es das wirklich ist, den Geist der Zeit einfängt und ihn
in einem zeitlosen, und damit klassischen Ausdruck veredelt; und so ist das
Klassische, da es außerhalb der Zeit liegt, modern.
Die Bedeutung liegt in der Aussöhnung der Gegensätze. Ein gelungenes
Projekt unterbricht den Kreislauf in einer Synthese: es schwebt, steht über
und liegt außerhalb der Zeit.
